R7 said he does remember he went to the hospital the next day. R7 said the female resident still resides at the facility. R7 declined to give description of the alleged female resident.</p> <p>8/14/25 at 3:40pm V11 (Licensed Practical Nurse/LPN) said she was working on evening shift 7/24/25, R7's speech was slurred. V11 said it was reported by the day shift Nurse that R7 needed to provide a urine specimen and R7 was unable to provide it during the day shift. V11 said she assumed that R7 was behaving suspiciously on day shift; that's the only reason why staff would collect a urine drug screen. V11 said when R7 was giving the urine sample, R7 kept standing and sitting. V11 said R7's urine specimen tested positive for opiates. V11 said when R7 came out of room after eating dinner, R7 was in a wheelchair. R7 was slumping forward in the wheelchair, then fell to the floor. V11 said R7 vital signs were very low, oxygen was applied to his face, R7 was cyanotic. V11 said she called a code blue. V11 said she administered two doses Narcan. The medical doctor said to monitor R7, neuro checks are scheduled in (electronic records) and vs (vital signs) were done every two hours. V11 said she asked R7, who gave him the illicit drugs? R7 responded, "I don't know, I only take my scheduled medications." V11 said she documented the code blue in risk management and the vitals were documented in the records.</p> <p>On 8/19/25 at 12:38pm V4 (Substance Abuse Coordinator) said R7 did not have a community pass on 7/24/25 or 7/25/25 and does not recall him visiting with his family on 7/24/25 or 7/25/25. V4 said she signs and gives the residents community access passes.</p> <p>On 8/19/25 at 3:01pm V10 (Director of Nursing/DON) said R7 informed him that he got cocaine from a resident but refused to talk about it and give information on the resident.</p> <p>R7's care plan with initiate date of 7/25/25 denotes in-part, the resident has a history of substance abuse chemical dependency related to clinical depression and anger history of mental illness severe mental illness, poorly developed ability to control impulse, allowing negative inappropriate persons to influence his use of substance. V4 said she was not aware that R14 used illicit drugs on 8/4/25, no one informed her. V4 said R14 does have a substance abuse history. V17 said he didn't assess R14 at that time. V17 said he don't recall who the Aide was. V17 said he was passing medications, and a resident approached him and said, "there's something wrong with R14". V17 said that's when he assessed R14 by calling his name, checking R14's vitals, continuing to call R14's name and doing a knuckle rub to R14's chest. V17 said R14 was drowsy, opening his eyes and then closing them. V17 said he called 911, when 911 arrived R14 was more alert. V17 said he did not give R14 any medication that would make him drowsy or any medications after observing R14 drowsy. V17 denied giving R14 Narcan and denied that any other staff gave R14 Narcan. V17 said he was the receiving Nurse upon R14's return to the facility. V17 said he reviewed the after-visit summary from the hospital, and it was documented that R14 diagnosis was transient alteration of awareness, polysubstance abuse, and dyspnea. V17 said he understands polysubstance abuse is when the resident is using medications and illicit substance together. V17 said he notified the Director of Nursing of R14's return and diagnosis. V17 said he doesn't recall if the Director of Nursing gave him any directives for R14. V17 said if the facility gave an in-service on when to administer Narcan, he was not at the facility. V17 said Narcan is used to reverse the effects of illicit drugs. V17 said R14 symptoms was different from someone that's overdosing on drugs. V17 declined to give the signs and symptoms of someone overdosing on drugs. V17 denied having knowledge if R14 has a substance abuse history. V17 did not give a response when asked should he have documented R14's presenting condition on 8/4/25 or the language "change in condition". V17 said he don't know what the progress notes show. V17 was presented with R14's progress note that was presented by the facility. V17 said he could see the document.</p> <p>On 8/19/25 at 3:01pm V10 (Director of Nursing) said he was made aware that R14 tested positive in the hospital for fentanyl. If<br/>the suspected contraband is in plain sight, it shall be<br/>promptly removed. If there is reason to suspect/believe<br/>that a resident has contraband items/materials in his<br/>/her possession the individual will be asked to provide<br/>permission to search. If permission is not forthcoming,<br/>the individual may be notified that the local police<br/>will be notified and asked to complete a search, at the<br/>discretion of administration. The following items are<br/>NOT ALLOWED in the resident rooms at any time and are<br/>not allowed in the resident person. Drugs deemed<br/>illegal by federal and state government, prescription<br/>medication in the possession of someone to which they<br/>were prescribed, alcohol. The organization will try to<br/>balance individual rights against the safety needs of<br/>peers, visitors, and staff members in making decisions<br/>about further investigation of contraband. In<br/>situations where illegal activity appears to have taken<br/>place appropriate authorities will be notified. Again,<br/>safety and security are of the utmost concern.</p> <p>During this survey the facility failed to present<br/>witness statements/investigation from female staff with<br/>description of burgundy hair. Per V13's (social service<br/>consultant) interview, a male resident described a<br/>female staff with burgundy hair, selling illicit drugs<br/>to residents.</p> | S9999                                                                   |                                                                                                                          |                                                                                                          |  |                                                 |  |
